ILLNESS/ACCIDENT INSURANCE INFORMATION

It is your responsibility to provide your student with Illness/Accident Insurance that includes **coverage while in the U.S.** Proof of insurance is **REQUIRED** for all international students before the student may travel to the United States. A copy of the medical insurance card is sufficient proof.

Information on insurance is available from a private consulting service at (253) 238-6374. You may also obtain insurance by going to the website at www.betins.com. Look for the Student/Scholars Individual Policies and go to the Patriot Travel Medical Insurance Quote/Buy Online link. There may be other personal travel insurance available through other companies. You are not limited to those we suggested. The school is not involved in the insurance process. We only need verification that your student is covered by insurance in the United States.

PARENT/GUARDIAN

I understand that my student is required to obtain illness/accident insurance coverage for the time that he/she will be in the U.S. I understand that I must provide proof of this insurance before my student travels to the U.S.
